

„August ir Ko“ is not only business, it is a fundamental idea - without limiting people's wealth to save pure environment, therefore we offer exceptional solutions for human and nature.

I am sincerely thankful to all of our clients all over the world. By choosing our wastewater treatment plants you chose to create safe future not only for your family, but neighbors, country and the rest of the world. Thank you for choosing working with us, because clean water is our future!

„August ir Ko“ founder
